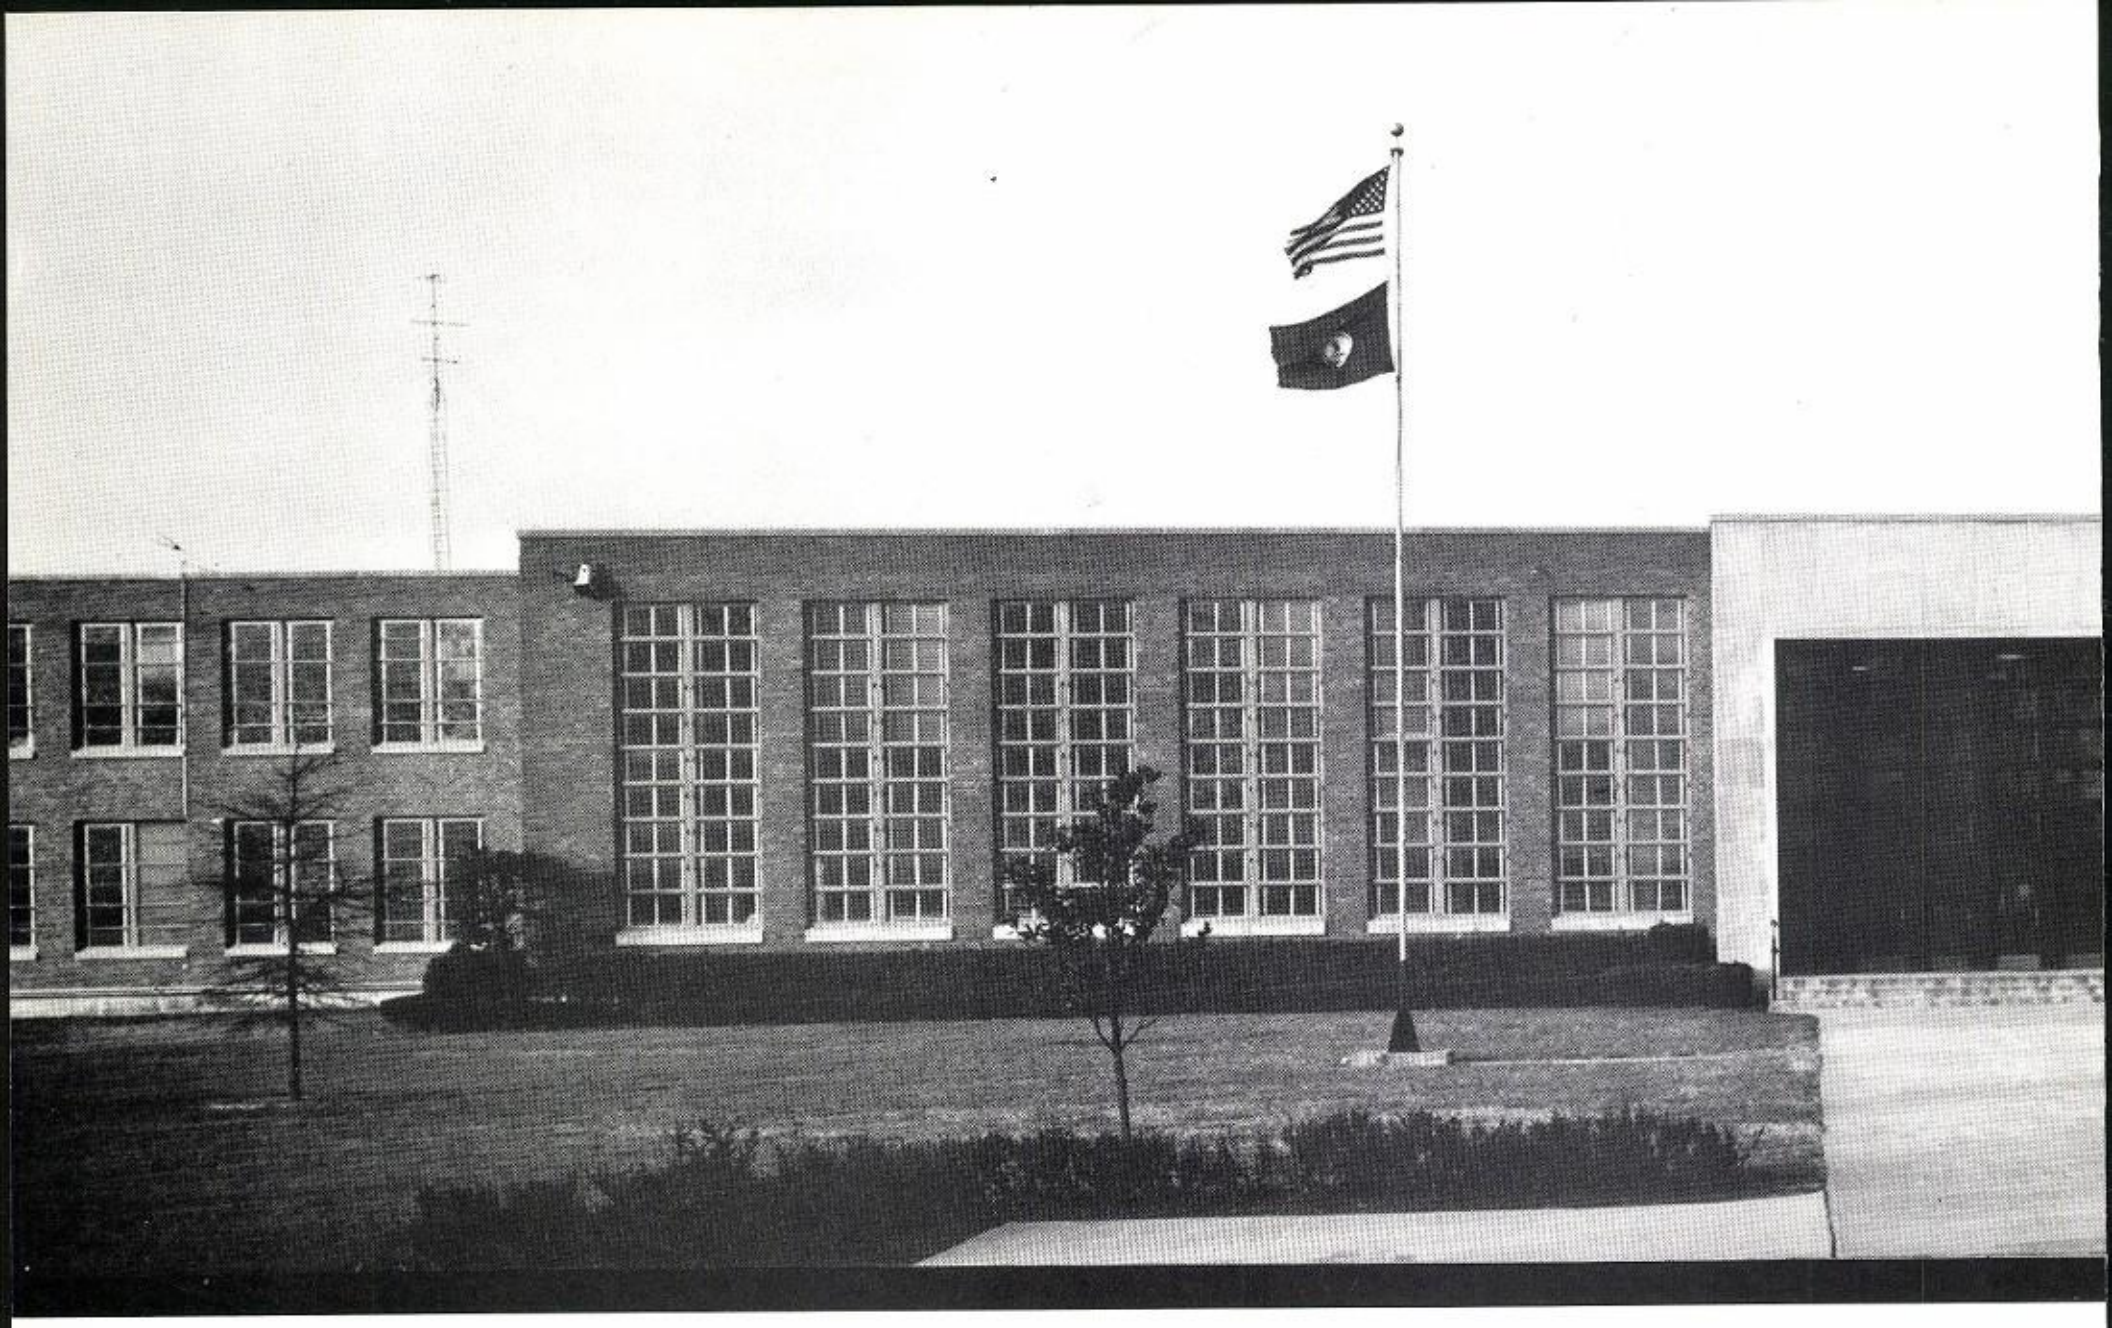
THE ALMA MATER

Hail to thee our Alma Mater
Loud we sing our praises of you
Smith High School strong you stand
With all knowledge at your hand
Always loyal, faithful, true
All our love we pledge to you.

Alma Mater stand forever
On Virginia's wondrous shores.

From Virginia's rolling oceans
To her rising hills of blue
As we search and strive for fame
Bringing honor to your name
We will ever mindful be
Of the debt we owe to thee.

Alma Mater stand forever
On Virginia's wondrous shores.



FOREWORD

Half a century has passed since the first seniors graduated from a South Norfolk high school. This year's class will be the fiftieth and last class to graduate from the City of South Norfolk. As we merge to form the new city of Chesapeake, will the name and graduates of South Norfolk be forgotten?

The 1963 Tiger is in honor of every student who has attended a South Norfolk high school. Many of you who read this, will remember your alma mater as Portlock High School; others will think of your school as South Norfolk High School. You will remember the concern of many people when a new high school was built and was given the name of Oscar Frommel Smith High School — concern, because they thought everything they had associated with their older buildings would now be changed or destroyed.

We are now on the verge of another change, not in school name, but in the name of our community; and many people are asking, "Will the name of South Norfolk be forgotten?" No, our name will not be forgotten. The graduates of our school, who will become our future legislators, our policemen, our teachers, will keep it alive.

Many changes and developments have taken place since the graduation of the first class from a South Norfolk high school. The annual staff and sponsors hope that the 1963 Tiger will bring enjoyment and pleasant memories to all past and present students of South Norfolk high schools.

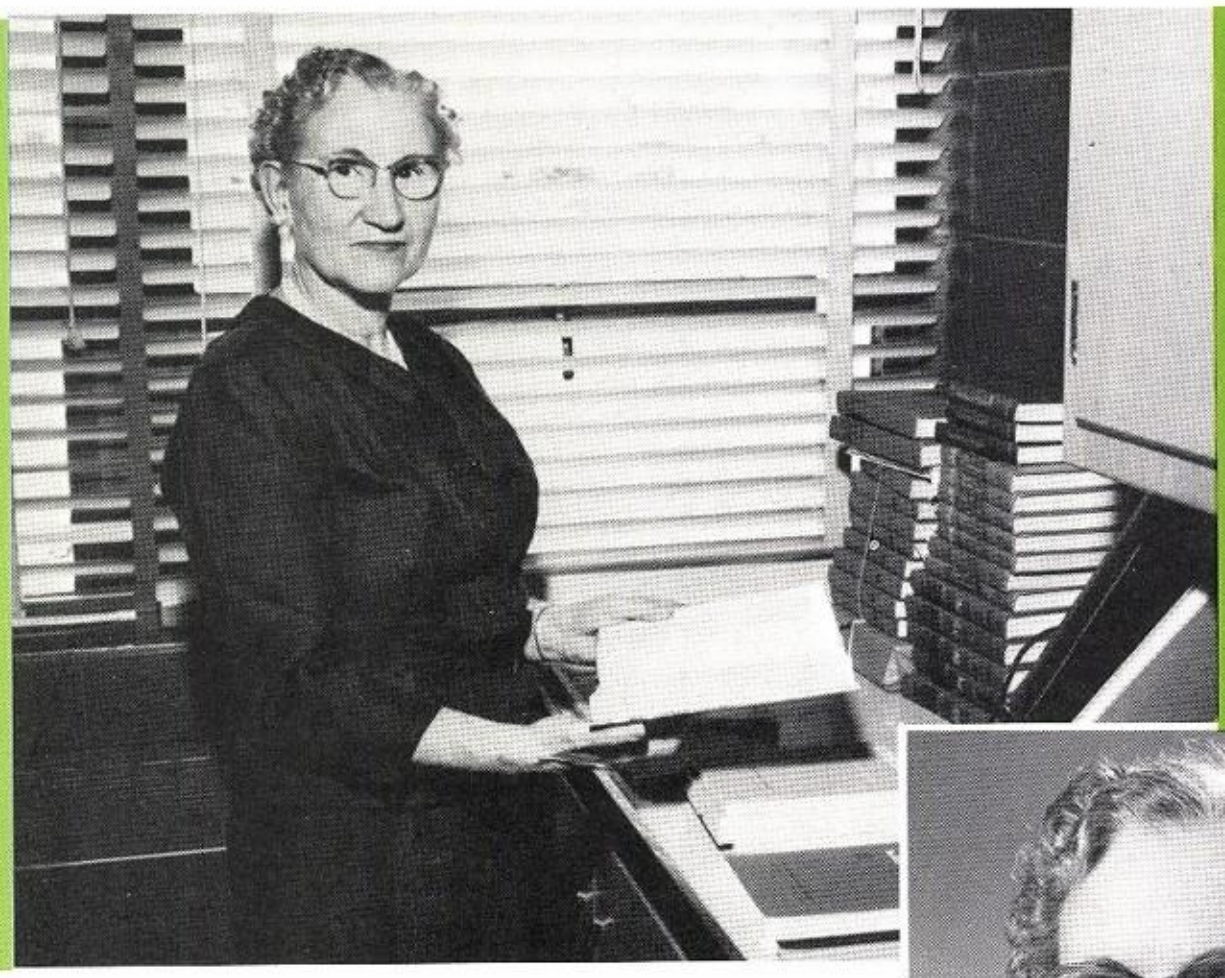
SOUTH NORFOLK, VIRGINIA



DEDICATION

To capture the real essence of a person seems such a futile task, even when we know her very well. The faculty can say, in all sincerity, that she is a person of high ethical standards, a loyal friend, a person who can keep a confidence. Whether she be teaching Latin in the classroom, or serving as librarian, or as textbook clerk, as she did at various times in her teaching career in South Norfolk; students will remember her as a teacher who expected the best of her pupils in their behavior and work. Characterized by her soft Mississippi accent, and her hurried transit through the school halls; she is also remembered as a person who always had time to stop to give help, and who gave all her energies to whatever task she was committed.

It is with a genuine feeling of respect and fondness that we, the Class of 1963, dedicate this, the last yearbook to be produced in the city of South Norfolk, to Miss Myrtle Smith.

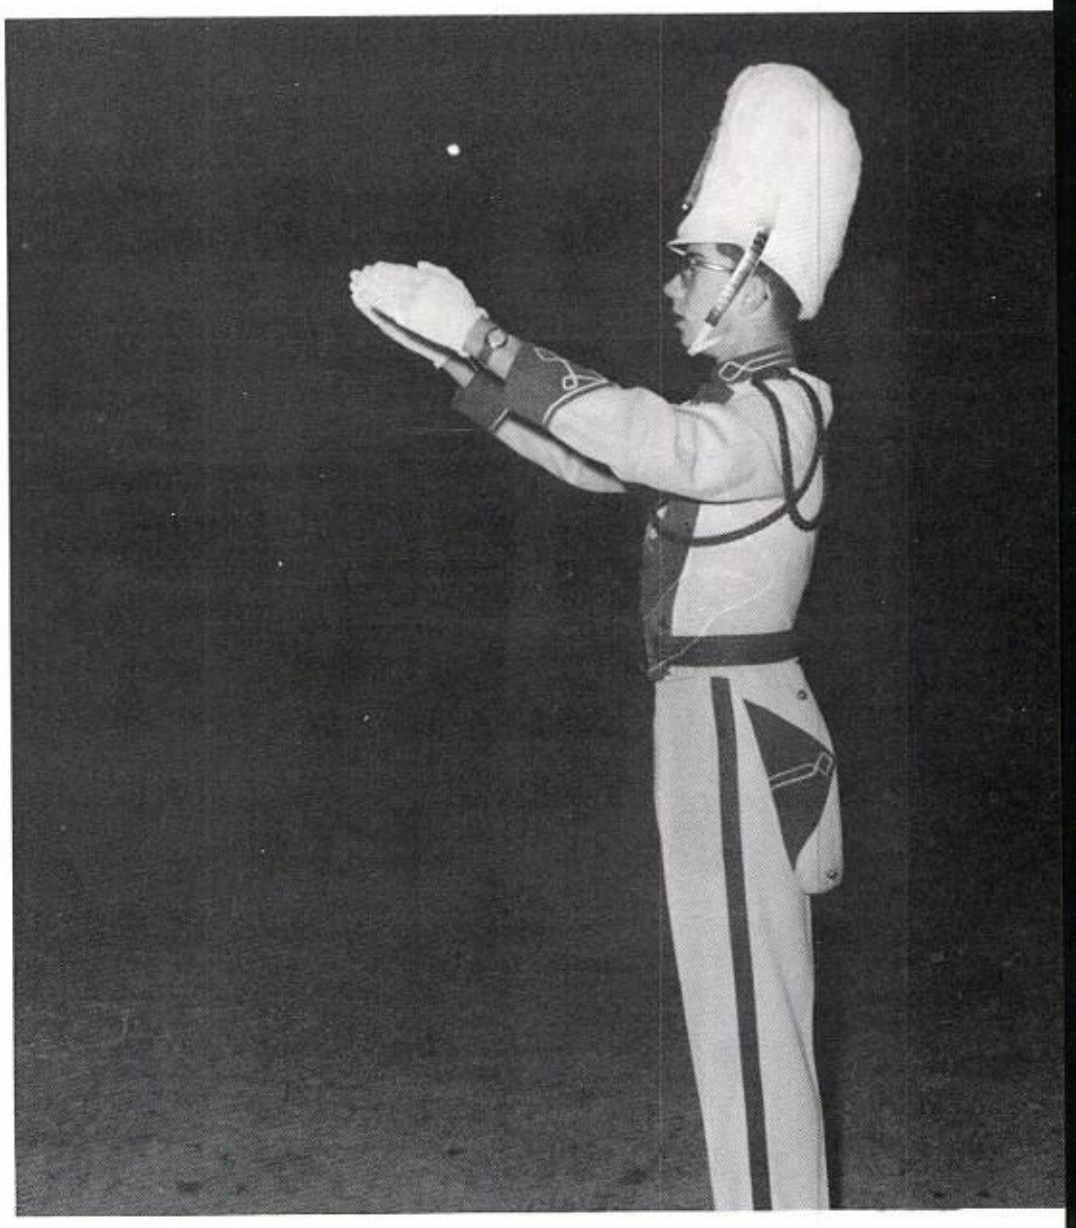
The Smith band is made up of exceptionally talented students. This group of excellent performers is interested in gaining the membership of other students who are musically inclined so that they may build up the size of the band.

The parents of the band members help sponsor the organization. They take part in the many projects undertaken. The band receives money through such projects as paper drives, selling candy, and selling school stools. This money is used to buy new uniforms, musical instruments, and other needed materials.

The band gains much recognition from citizens and organizations outside of the school. We offer a special thanks to its members for their promotion of school spirit!

Mr. Robert Wells



Lyle directs the band at half time.

MATHEMATICS

The first graduating class of South Norfolk would be surprised and yet very happy to come in contact with the school's present mathematics courses. The department offers many new subjects for their students. For students wishing to have a general understanding of mathematics, basic and general mathematics are offered. For college preparatory students, algebra, plane and solid geometry, and trigonometry are offered. The mathematics department is experimenting in new methods of teaching which have proven to be very successful.

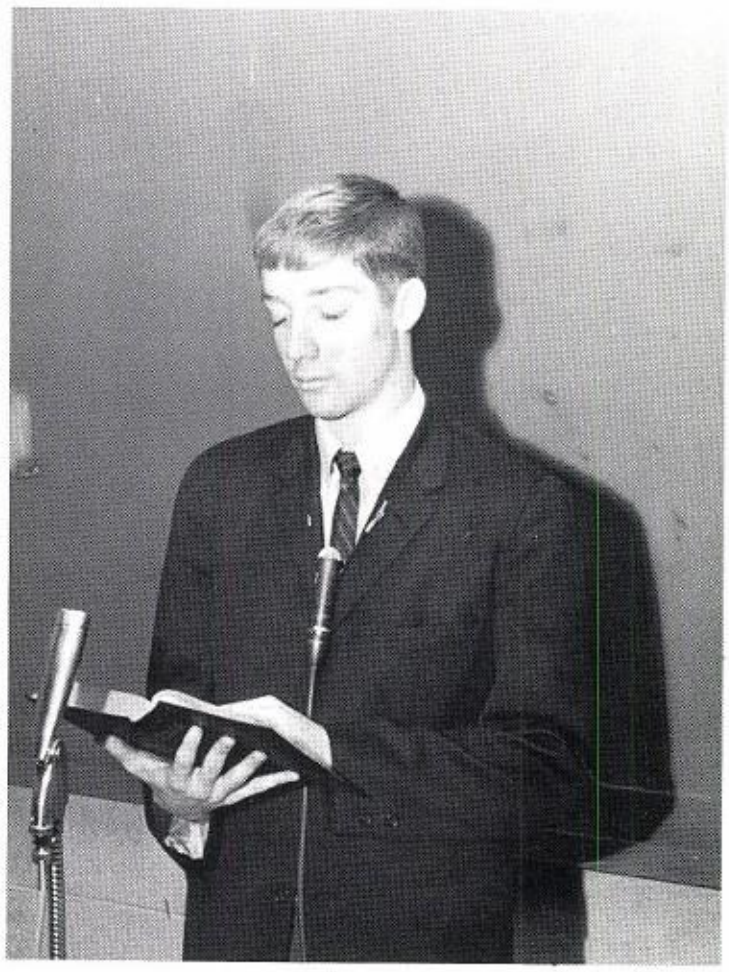
TELEVISION



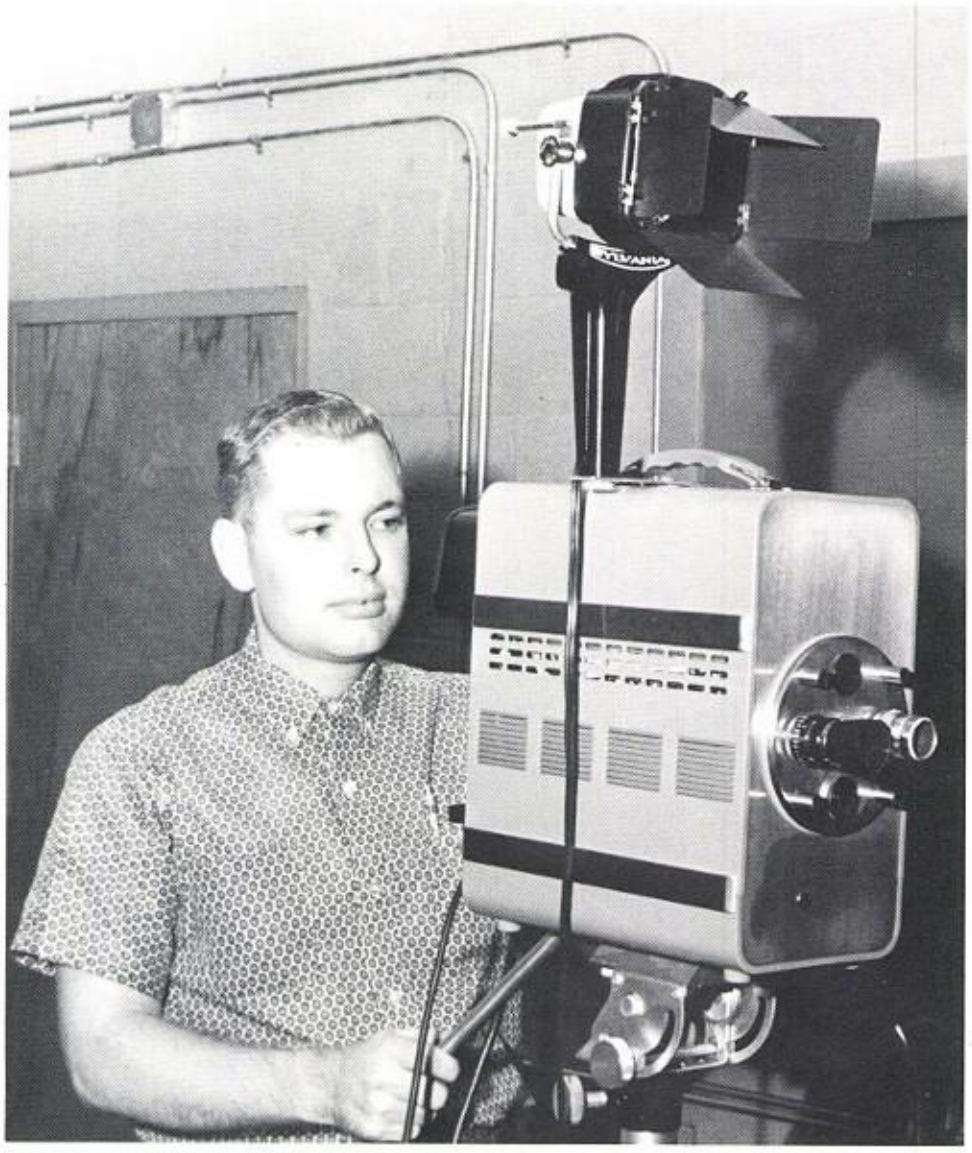
Devotions are delivered everyday by means of the television; today they are delivered by Bobby Morrison.

"I broke it," says Delle Powell.

The closed-circuit television system organized last year has been a valuable aid to the school. It has been used to acquaint the student body with certain authors and their literary works. Such departments as English and history have used films and student reports on television to make a particular period of time seem more realistic. Again this year it has been used to give state tests to the freshman and junior classes. Differing from last year when the devotions and morning announcements were given over the public address system, representatives from the various school organizations have appeared on television to bring them to the student body.

EDUCATION

Mr. Austin delivers a speech over the television.



Mr. Wisemen's faithful camera focuses on the television material.

SENIOR DANCE

Coming in from a frosty December night, one caught the atmosphere of a "Christmas Ball." Beneath a tinsel and holiday bell sky, the couples danced with a special Christmas gaiety. A fireplace and Christmas tree gave the cafeteria a homey warmth. Holly, candles, and pine surrounded the room-in which couples danced, chatted, and enjoyed refreshments.

Joe, Katherine, Mike, and Dorinda take time out for refreshments.

A pause by the fireplace is pleasant for these couples on a night to remember.

FUTURE HOMEMAKERS OF AMERICA

1st ROW — Wanda Harper, Reporter; Dana Thompson, President; Jane Pierce, Treasurer; Sandy Evans, Vice President; Tessie Thompson, Parliamentarian; Gail Spires, Secretary.

The Future Homemakers of America is a popular organization among those girls who are preparing to become better homemakers. This year they compiled and published a school directory, which had been in need for many years. It made available the name, address, and telephone number of each student attending the high school.

DiAnn Chadwick, Editor-in-Chief of the '63 Tiger.

THE TIGER

This year's annual has been the result of much planning, work and cooperation from the annual staff heads and sponsors. Since this is the last annual from a South Norfolk High School, it has been compiled and edited with much precision in order that it will be remembered as the best annual presented by a South Norfolk yearbook staff. This year new ideas are expressed within the book. This will be the only South Norfolk yearbook to have had colored pages. It would be impossible to present these ideas and additions without the work of a highly dependable and cooperating staff. This staff has worked exceptionally hard in order to bring you the best yearbook ever produced in your school!

What a surprise the first graduates of South Norfolk would find if they were to visit the present senior class and school! The school even has its own F.M. radio station. The station differs from other commercial stations, in that students plan and direct the programs.

"Charlie" Caldwell has coached the Tigers for two years. During this period the Tigers have had the best two-year record ever. Coach Caldwell began his football career in Raleigh, N.C. and continued at the university of Virginia. After college he began his coaching career and arrived at Smith with eight years experience. Coach Caldwell has placed the Tigers in a position of prominence in the Eastern District and made them the most feared team around.

Mr. Hicks began playing football in high school and continued at the University of Florida where he achieved many top honors during the four years he played there. Coach Hicks is the head defense and line coach of the Tigers. Under his guidance for the last two years the Tigers won top defensive honors in 1961 and won second place in 1962.

Mr. Harrison began his athletic career at Maury where he received many awards for his athletic participation. He continued his athletic career at Norfolk College of William and Mary and received the College Student Government Senior Award in 1962 for outstanding achievement in athletics. Coach Harrison is the backfield coach of the Tigers.

Mr. Frazier at his weekly chore of taking football films.

Bobby Morrison — One of our co-captains, Bobby was one of our best halfbacks and also played quarterback. He was a top threat in every game, and scored the only touchdown in our crucial Great Bridge game. He also played defense.

Randall Harris — The other of our co-captains, Randall played tackle and was an All-State candidate. He played offense and defense consistently well and was outstanding in the Great Bridge game.

Wayne Creef — Wayne was a very hard running halfback. He played exceptionally well during the Warwick and York games. He also played defense and kicked extra points.

Mike LeDoyen — 6'4" and 195 lbs., Mike was a regular end on offense and also played defense. He was one of our top pass receivers and had his best game at Warwick.

Paul Coffiled — Paul was a defensive regular and an offensive alternate. Defensive end can be tough position, but Paul played it well.

Al Winslow — A fullback and powerful runner of 165 lbs., he did not score many points, but was a big factor in our offense and defense.

Ralph Harris — At quarterback, Ralph was a top passer. He also played some defense, while having his best game at Great Bridge.

Billy Bagwell — Billy was an offensive guard and defensive linebacker. He always played well and had his best game at Wilson.

Barry Rice — Barry was also a powerful running fullback for his size, 165 lbs. He was outstanding during the York game.

FLASHY TIGER SQUAD

This year's Tigers tied a school record of wins and losses by compiling an 8-1-1 record. The only blotches on the record came as a result of a 13-6 loss to Great Bridge and a 12-12 tie with Cradock. The defensive team was outstanding allowing only seven touchdowns throughout the season. It was the mainspring behind the 25-7 victory over Princess Anne.

Tigers defense overides Presidents veto, 7-0.

WON 8, LOST 1, TIED 1

The team finished third in the Eastern District mainly because of the efforts of such players as Co-captains Randall Harris and Bobby Morrison, Wayne Creef, Billy Bagwell, Al Winslow, Mike LeDoyen, Paul Coffield, and Lester Williams. The team as a whole deserves much more praise. The teams in the Eastern District were exceptionally strong this year. Thus, the record shows that the Tigers were really great!

FOOTBALL GREATS

THEN AND NOW

Football has changed a great deal since 1929 when (left to right) quarterback Charlie Morgan, fullback Jim Burton, and Roger Bowen, and tackle Leslie Sykes won the cheers of South Norfolk High School fans, but two things have remained constant — we still are "Tigers" and play with a ferocity to match our name.

Also outstanding were Preston Pate, Frankie Porter, Roy Birdzell, Howard O'Neal, and David Lamkin.

J. V. CHEERLEADERS

The junior varsity cheerleaders are made up of girls from the freshman and sophomore classes. Their main objective is to support the school's sports, especially the J.V. teams and to gain experience in order to fulfill the responsibilities of a varsity cheerleader. The J.V. cheerleaders and teams deserve much support in order to bring honors to the school when they reach the varsity level.

JUNIOR VARSITY BASKETBALL

This year the Junior Varsity basketball team gave each boy who wishes to play varsity in future years an opportunity to play and learn the skills of the game. This helped determine which boys would be good enough to try out for the varsity team.

This year the J.V. team had a new coach, Mr. Harrison. He helped the boys to understand the basic fundamentals of basketball.

With the existence of a junior high school, the freshman is again the lowest underclassman at Oscar Smith. This year, since the student body is smaller, he will have more opportunities to prove his existence to his upper-classmen. Many freshmen have already done this, by their participation in sports, assemblies, and various clubs.

This year we see that last year's freshmen are progressing in their seniority. They are still referred to as under-classmen, but their presence is more often noted. They hold offices in the S. C. Remember, America...

"Eternal vigilance is the price of liberty."
—Thomas Jefferson—

In the historic land served by Virginia Electric and Power Company, this warning is not easy to forget. On every hand, contrasted with the landmarks of this progressive, growing area, are the monuments to America's unending fight for freedom.

But freedom cannot be preserved in stone or defended by monuments. Freedom must exist in the heart of the individual. It must be championed by the living.

The freedom to build . . . to create . . . to grow as free *individuals* in a *free* nation is our priceless heritage from the past. Its cost is our eternal vigilance.

The voice with a smile

Today, as always, the C&P voice with a smile is as close as "Operator" on your dial. Intelligently, cheerfully, the "Operator" handles phone calls to faraway places and intricate day-to-day problems of telephone users. Her job is interesting, important, demanding and rewarding. She's an indispensable member of our C&P communications service team.
